Re: School Calendar Change for April 22, 2019

Date: February 15, 2019

As of February 15, 2019, L'Anse Area Schools has had 7 days of school cancelled during the 2018-19 school year. Six of these days were due to winter weather and one was Friday, Nov 16, 2018 after very low attendance on Nov. 15th. The district can apply for up to 3 additional 'forgiven' snow days this year, if we make up the Nov 16th day. According to the Michigan Department of Education, days missed for low attendance must be made up prior to applying for the additional 3 days. April 22, 2019, the Monday after Easter, will be our make up day. We apologize for any inconvenience this schedule change may cause but are hopeful that the advance notice will be helpful. Other than April 22nd, we should not have to make up any additional days unless we experience the unlikely event of having more than 3 more snow days after today.
