

L'Anse Area Schools
June 2019
Employee of the Month
Patti Laux

Patti Laux who has worked at L'Anse Area Schools for almost 16 years as a paraprofessional with At Risk and special education students. Patti has such a kind heart and it really shows in her work with the students. Just one example of her compassion is that she started a clothing closet at CJ Sullivan so students would always have access to clothing items they may need to enjoy recess. She is often working behind the scenes to make sure our students receive what they need and we greatly appreciate all of her efforts over the years. Patti has always been a team player and helps out wherever needed at the school. She's a gem of a person and have been lucky to have her at LAS!
