

L'Anse Area Schools
March 2020
Employee of the Month
Angie Vizina

Angie is a special education aide in our elementary school and also a very involved parent of three young children. She was nominated for this recognition by a teacher because she can be counted on to do whatever is needed. Angie keeps whatever student she is working with as her only focus and makes them feel great about their progress. Her positive attitude and patience makes her an excellent aide. She comes at her scheduled time, gets right to work, and always has a smile on her face. Angie is a breath of fresh air and her work ethic is exceptional. She has great communication skills and works well with others. Her dedication is greatly appreciated. Our students and staff are very fortunate to have Angie as a part of the team at L'Anse Area Schools!
