

# ***L'Anse Area Schools***

**November 2020**

**Employee of the Month**

***Brooke Osterman***

Brooke Osterman is the School Nurse and CTE Health Careers Teacher at L'Anse Area Schools. She was nominated for Employee of the Month due to her outstanding initiative to jump right into this position and work tirelessly to make sure everything is up to date and running smoothly. Even when faced with unexpected crises, she maintains a positive attitude. She has assisted in a variety of ways with implementing the district's safeguards of health screening and contact tracing during the Covid-19 pandemic. In the classroom, Brooke uses her years of experience in health care to guide students through exploring various career options. Brooke is kind, conscientious and a great communicator. We are fortunate to have her as a part of our team at L'Anse Area Schools!
