She has an impressive ability to patiently redirect students who are off task and to make school fun for the kids. Kelsi is very good at building relationships with students and gets to know them well. She is able to quickly find solutions to issues as they come up. Kelsi has a very calm and kind demeanor with all children which provides them with a safe and positive place. She is very hard working and flexible to help out however is needed. She always greets students and staff with a smile and a positive attitude. Kelsi moved from Marquette and now lives in L'Anse with her husband and their dog. We are very lucky to have Kelsi as part of our team at L'Anse Area Schools!
