

L'Anse Area Schools

January 2022

Employee of the Month

Mark Smith

Mr. Smith has worked at L'Anse Area Schools for the past 33 years. He is a high school math teacher and teaches two NMU math classes that dual enrollment eligible students can earn college credit for. Mr.

Smith was nominated for Employee of the Month because of his incredible dedication to teaching and learning. He is always willing to tutor any students in need of additional assistance in the early morning hours. He builds relationships with his students and many of them return during their college years for help from him or just to visit.

During remote learning, he was diligent about setting up online learning sessions with students to continue to provide instruction during the pandemic. Mr. Smith is respected among the teaching staff for his organization and integrity. He has devoted his entire career to L'Anse Area Schools and we are fortunate to have him.
