

L'Anse Area Schools
February 2022
Employee of the Month
April Thor

April has worked at L'Anse Area Schools for almost 10 years. She is currently a 2nd grade teacher. April was nominated for Employee of the Month because she is always willing to help out when something needs to get done. Recently when another staff member was out she volunteered to have her class fill in and do the announcements. She made sure that positive affirmations were there to read each morning and created the messages of the day. April is a role model for our students and has been working to help them express appreciation for each other. Her bubbly personality and bright smile make CJ Sullivan Elementary School an even better place. We are very appreciative of having April Thor as part of our team at L'Anse Area Schools.
