

**L'Anse Area Schools**  
**February 2023**  
**Employee of the Month**  
***Betty Cangemi***

Mrs. Betty Cangemi has been working at L'Anse Area Schools for the past 24 years as a high school science and math teacher. Betty is best known for teaching Biology to sophomore students and Advanced Placement Biology and Anatomy & Physiology to some of our college bound students. She has also been stepping into more math teaching assignments in recent years and has on the role of senior class advisor this year. Betty was nominated for Employee of the Month because of her dedication to our school and her students. She is respected by her colleagues and has been a leader in the area of science curriculum planning. She maintains a calm and professional attitude even in difficult situations and has a great sense of humor. She has also been a mentor teacher to several new teachers over the years and has served on the secondary Positive Behavior Interventions and Supports (PBIS) team.

Betty lives in Watton with her husband, Mike, where she enjoys her horses and dogs. We appreciate Betty being a part of our team at L'Anse Area Schools!
