

***L'Anse Area Schools***  
**June 2024**  
**Employee of the Month**  
***Keri Williams***

Keri works as an Elementary Special Education aide at L'Anse Area Schools. She also served as an after school bus monitor during the school year and is working as the Lead Preschool Teacher for BHK's summer Great Explorations program at CJ Sullivan Elementary School. Keri was nominated for Employee of the Month because she is hardworking, compassionate and willing to help with anything. Her co-workers enjoy her listening ear, helping hand and how she loves to laugh. She also goes above and beyond to find ways to help make the students she works with successful. Keri was honored as a 2024 recipient of a CCISD Parent Advisory Committee award for outstanding dedication and support to students with disabilities. She has such great empathy, an encouraging attitude and calm demeanor that students just thrive while in her care. Keri was also recently accepted into the Talent Together program to work toward earning her teaching certification. We are very excited to watch her work toward this goal as she is such a natural with children. Keri lives in L'Anse and enjoys reading, playing word games and spending time with family and friends in her free time. We greatly appreciate having Keri as a part of the team at L'Anse Area Schools!
