

L'Anse Area Schools
December 2024
Employee of the Month
Jenene Roy

Jenene started working at L'Anse Area Schools as a Special Education Aide during the 2022-2023 school year following a career in the medical field. On December 1, 2023 she started working on her Bachelors of Art in Elementary Education at Western Governors University, and in just 8 months completed her degree. Jenene earned her Michigan Teaching Certificate September 4th to officially join LAS as a 1st grade classroom teacher. As a first year teacher Jenene has not only taken on the typical challenges that all new teachers face, but has also continued her training and development by participating in LETRS training and working diligently to implement the Leach Literacy model. Jenene is extremely determined and continues to push herself to be the best educator she can be. Her love for her students and job shows daily, and she has been a wonderful addition to our staff. We are grateful to have Jenene as a part of the team at L'Anse Area Schools!
