

L'Anse Area Schools
February 2025
Employee of the Month
Ashley Bianco

Ashley has been with L'Anse Area Schools since the 2008-2009 school year. Starting out in Food Service and Custodial, Ashley accepted her current position as Special Education Aide and student supervision in 2018. Ashley has earned the February Employee of the Month for being an extremely valuable asset to the middle/high school in her current role here at LAS. Not only do students respect her and respond to her, but she holds them accountable for their learning and their actions which is incredibly important. Whenever Ashley is assisting a student in class, staff can be confident that they will get the work done and that the student will get the one-on-one assistance they need. Ashley lives in L'Anse with her daughter Jozie who is an 8th grader in L'Anse Junior High School. We are grateful to have Ashley as a part of the team at L'Anse Area Schools!
